LOGOTYPE

The Planet Football comprises two elements, the symbol and the logo signet. The logo symbol is powerful on it's own to be recognised as Planet Football through it's icon and colours.

The logo consists of the word "planet" in a bold, dark blue sans-serif font, followed by the word "football" in a bold, light blue sans-serif font. The two words are joined together without a space.

FULL LOGO ON LIGHT

The logo is displayed on a solid dark navy blue rectangular background. The word "planet" is in white, and the word "football" is in the same light blue as in the light background version. The two words are joined together without a space.

FULL LOGO ON DARK

ICONOGRAPHY

The icon is to be used with the logotype or in place of the logotype when required.

The icon on white and dark should be used as the primary icons whilst the third option is only to be used when it isn't possible to use the first two options.

ICON ON WHITE

On a light background always use a dark blue stand

ICON ON DARK

On a dark background use a white stand for icon.

ICON ON LIGHT COLOUR

A third option is to be used when the first icons aren't useable in regards to the background.

LOGOTYPE DO'S AND DONT'S

Do use the correct brand colours stated in the palette which are acceptable to use.

Do use the logo on a contrast background so that the logo stands out.

Do not stretch the logo out of proportion.

Do not cover up the logo.

The logo consists of the word "planet" in a dark blue, sans-serif font, followed by "football" in a lighter blue, sans-serif font.

✓ DO USE THE CORRECT BRAND COLOURS IN THE PALETTE

The logo is displayed on a solid dark blue rectangular background. The word "planet" is white, and "football" is the same light blue as in the standard logo.

✓ DO PUT ON A CONTRAST BACKGROUND

The logo is stretched horizontally, making the letters "planet" and "football" wider than they are tall.

✗ NO STRETCHING THE LOGO

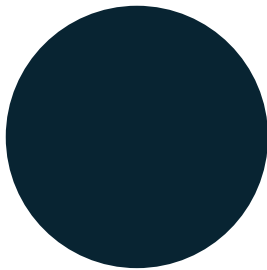

The logo is cropped on the right side, so the end of the word "football" is missing.

✗ DO NOT COVER UP OR CROP THE LOGO
